Now let us write the book for your building. Leonardo Academy's consulting services can be tailored specifically to meet your needs. We have helped numerous buildings achieve LEED Certification.

Leonardo Academy is a support contractor for the U.S. Green Building Council (USGBC). Leonardo Academy managed the LEED for Existing Buildings (LEED-EB) pilot and has conducted all the LEED-EB Certification Application reviews from 2002 through the fall of 2007. Leonardo Academy knows LEED inside and out.

Leonardo Academy can support and manage the entire LEED project or services can easily be targeted to meet the client's specific needs. Leonardo Academy's inside knowledge of the LEED process and LEED-EB provides clients with valuable advice and smooth project implementation. Leonardo Academy can help implement LEED for a single building to an entire portfolio of buildings. There is no project too large or too small; our goal is to help our clients succeed at LEED.

LEED® Support Services

We provide the full range of LEED support services. Some clients want the full package of services and other want just a few services. We customize our services to meet your organization's specific needs and objectives. Examples of services provided include:

- Project Management
- Visioning and Goals Setting
- Project Assessment and Strategic Plans
- Implementation
- Certification Application Review and Preparation
- Training

Clinton Library

Leonardo Academy's Insight

Michael Arny, President of Leonardo Academy, was Chair of the USGBC LEED for Existing Buildings Committee from 2001 through 2005. In this role, Michael was responsible for guiding the USGBC LEED-EB Committee's work on developing the LEED-EB rating system. As a USGBC support contractor since 2001, Leonardo Academy:

- Authored the majority of the LEED-EB Reference Manual
- Managed the LEED-EB rating system pilot program
- Developed most of the initial LEED-EB course training and materials
- Conducted certification application reviews from the beginning

Leonardo Academy also prepared "Deliver the Green," a guide to LEED-EB and facility management, with funding from the International Facility Managers Association (IFMA) Foundation. This guide is available for download on the Leonardo Academy website.
