Message Fr
It has been a very productive year for Leonardo Academy as we continue to help drive sustainability into practice on many levels. We have greatly expanded our training program to provide the practical knowledge to empower the legions to advance our mission. As a charitable non-profit organization our mission is to develop new approaches of sustainability and then work to drive them forward. As 2011 approaches, please consider making a year-end charitable contribution to Leonardo Academy. You can make contribution online at: www.leonardoacademy.org/donate.html
