E-SPEED for Vehicles
(Excellence in Sustainable Performance & Environmentally Efficient Design)
The Sustainable Vehicle Rating System

This is the Preliminary Draft of E-SPEED for Vehicles, The Sustainable Vehicle Rating System. It provides the starting point for the development of a pilot version of the rating system by the E-SPEED for Vehicles Committee. The Committee will review, evaluate and refine the Preliminary Draft to create the Pilot Draft of the rating system. This document intentionally casts a wide net over potential prerequisites and credits to ensure that the Committee has a broad base from which to work.
